Welcome to the website of Excel Civil Enforcement, industry leaders in the development and delivery of innovative recovery solutions.

The company was founded in 1992 and incorporated in 2007 following the merger of two well established and highly respected agencies, Menai and North West Commercial Services.

Operating from five strategic locations in England & Wales, Excel is the largest bilingual enforcement agency delivering services to Wales and the West.

With an impressive array of accreditations underpinned by a skilled and knowledgeable workforce and managed by an experienced and reputable management team focused on client care and professional standards, Excel delivers outstanding results to a discerning client base.
